PROFESSIONAL SUMMARY

Software Engineering Artificial Intelligence student at Centennial College with 6 live deployed AI applications. Build full stack products using Python, Fast API, React, and OpenAI. Focused on AI automation, developer tooling, and intelligent systems from idea to production deployment.

EDUCATION

Centennial College - Toronto, Ontario

Advanced Diploma - Artificial Intelligence - Software Engineering Technology

Expected Graduation: December 2027

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, C#, SQL

AI / ML: OpenAI API, Anthropic API (Claude), RAG, Whisper, GPT-4o Vision, Prompt Engineering

Frontend: React, Vite, HTML/CSS

Backend & Tools: FastAPI, Node.js, PostgreSQL, Supabase, REST APIs, JWT, Git/GitHub, n8n, Vercel, Render

PROJECTS

AgentBase • Python • FastAPI • React • OpenAI • Supabase • n8n

Live: agentbase-cyan.vercel.app GitHub: github.com/omerf9/agentbase

- AI agent platform serving 5 industries with automated lead qualification and scoring
- Integrated n8n automation workflows and Supabase for backend data management
- Built full-stack with FastAPI backend and React frontend, deployed on Vercel

CodeAtlas • Python • FastAPI • React • GitHub API • GPT-4o

Live: <https://codeatlas-ten.vercel.app> GitHub: github.com/omerf9/codeatlas

- AI-powered codebase intelligence tool — described as "Google Maps for codebases"
- 3-panel IDE-style layout with GitHub repo analyzer and GPT-4o powered Q&A
- Detects tech stack, maps architecture, and estimates ramp-up time for any repository

HookLab Studio • Python • FastAPI • React • GPT-4o Vision • Whisper

Live: hooklab-alpha.vercel.app GitHub: github.com/omerf9/hooklab

- AI ad creative analyzer — scores hooks, retention, and CTAs using GPT-4o Vision
- Integrated Whisper for audio transcription and multi-modal content analysis

Lexio • Python • FastAPI • React • OpenAI Embeddings • RAG

Live: lexio-eta.vercel.app GitHub: github.com/omerf9/lexio

- AI document Q&A app — users upload any PDF and have a conversation with it
- Implemented RAG (Retrieval-Augmented Generation) with page-level citations for source accuracy

Briefly • Python • FastAPI • React • GPT-4o-mini • Whisper

Live: briefly-neon-two.vercel.app GitHub: github.com/omerf9/briefly

- Multi-modal AI summarization tool — handles text, audio files, and YouTube URLs
- Whisper-powered audio transcription pipeline combined with GPT-4o-mini summarization

GymLog • React • Anthropic API • Claude Vision

Live: gymlog-orcin-psi.vercel.app GitHub: github.com/omerf9/gymlog

- AI-powered fitness tracker with Claude Vision for physique analysis and coaching
- Features workout logging, progress charts, and AI-driven coaching feedback
